Michigan Avenue, Chicago

## SUMMARY

Experienced mid-level front-end developer with 5+ years of experience in and implementing 20+ user interfaces for websites and web applications. Proficient in HTML, CSS, and JavaScript, with experience in front-end frameworks such as React and Angular. Strong understanding of web development best practices, version control systems, and Agile development methodologies. Excellent communication ability and ability to work collaboratively with designers and back-end developers to deliver high-quality projects on time and within budget.

## EXPERIENCE

06/2022 - Present

Remote

### Mid-Level Front-End Developer

#### Gametime

Gametime is a mobile ticketing platform that allows users to buy and sell tickets for sports, concerts, and other live events.

- Worked with design, product, and back-end teams to create 12 web products.
- Created 3 efficient and reusable front-end systems to drive web applications to the marketplace.
- Participated in product releases and code reviews with 5 senior developers and team leads.
- Supervised, led, and mentored 11 junior team members to achieve high performance and meet goals.

02/2020 - 06/2022

Remote

### Front End Developer

#### Kaiser Permanente

Kaiser Permanente is a healthcare company that provides a range of medical services to its members.

- Collaborated with 6 other team members and 4 stakeholders to develop 16 new user-facing features.
- Assisted in building 100% reusable code and libraries for future use.
- Ensured the technical feasibility of 150+ UI/UX designs.
- Optimized 15+ applications for maximum speed and scalability.
- Validated 100% of user input before submitting to the back-end.

07/2018 - 02/2020

Remote

### Junior Front End Developer

#### PLACE

- Delivered 30+ projects of all sizes, creating solutions for consumer services.
- Wrote 40+ automated tests for every new feature to identify and rectify bugs.
- Evaluated 100+ end-to-end designs for performance complexity, scalability, quality, and security.
